RE: Clinton Contreras

I wanted to take this opportunity to personally recommend Clinton Contreras for future employment opportunities.

I was fortunate enough to work with Clinton through the migration of our website www.onlineformals.com.

Through the entire process Clinton was there for support and direction. He extended himself above and beyond the normal responsibility of any employee and took it upon himself to make sure things were handled professionally and with precise attention to detail.

Clinton is an extra hard worker and is passionate about his work. He is respectful, considerate and not afraid to go the extra mile for his client.

Even when things were not in his control – Clinton made sure we were informed and took it upon himself to make things right.

Without reservation, I would strongly recommend Clinton for future employment opportunities.

Should you need to speak with me direct regarding Clinton please feel free to contact me at 888-280-4179.

Sincerely,

Stephen Winston
President
